Project Title : LWUA Management Seminar-Workshop  
Project Start : September 15, 2017  
Project End : October 15, 2017  
Project Price : PHP 105,280.00  
Client Organization : Local Water Utilities Administration (LWUA)

### II. Project Team

Project Manager : Peter Dan B. Baon  
Team Members : Juan Miguei Gerard D. Planas VII  
Leslie L. Ramos  
Supervising Fellow : Alvin P. Principe  
Resource Persons : Atty. Fortunato G. Operario, Jr.  
Clariza Mae A. Columna  
Roderick M. Planta  
Richard E. Moya  
Dr. Alex B. Brillantes, Jr.

### III. Project Details

Project Description :

According to Presidential Decree No. 198, also known as "The Provincial Water Utilities Act of 1973", one of the prerequisites to the orderly and well-balanced growth of urban areas is an effective system of local utilities, the absence of which is recognized as a deterrent to economic growth, a hazard to public health and an irritant to the spirit and well-being of the citizenry.

Domestic water system and sanitary sewers are recognized as two of the most basic and essential elements of local utility systems. This paved the way for the creation of the Local Water Utilities Administration (LWUA) in the national level. LWUA, being a government-owned and controlled corporation (GOCC), is bestowed with a specialized lending function to promote and oversee the development of water supply systems in provinces, cities and municipalities outside of Metropolitan Manila.

LWUA prides itself as the only lending institution with the financial, technical and institutional development competence to enable a water district's water supply project to generate return-on-investments. It envisions itself to provide water and adequate sanitation services to all households in the countryside through self-reliant and sustainable water utilities.

Throughout the years, LWUA had endured several changes and developments – from being attached agency to the National Economic and Development Authority (NEDA), Office of the President, Department of Public Works and Highways (DPWH) and Department of Health (DOH) – to having a number of reorganizations throughout its inception.

## CENTER FOR GOVERNANCE [2017] PROJECT ACCOMPLISHMENT REPORT

The current LWUA leadership has emphasized the need to revisit its mandate and align its thrusts and priorities to contribute to the national government's goal of universal access to safe, potable water and sanitation.

Project Objective : Consistent with the mandate to ensure universal access to safe, potable water and sanitation, and aligned with the strategic direction of the national government, the Management Seminar-Workshop is designed to enable top executives and department managers have a common understanding of the current administration's thrusts and priorities needed to be pursued by the corporation.

Focus Area : Transformational & Innovation towards performance excellence

Project Type : Training

Project Beneficiary : Public Sector

Regional Coverage : NCR

### IV. Project Accomplishments

Key Activities Implemented: Conduct of a 1-day Management Seminar-Workshop

Major Outputs : 1. One (1) Batch of Management Seminar-Workshop with 28 participants  
2. One (1) Seminar-Workshop Activity Report

Project Impact : Thru discussion lectures on management, the seminar-workshop provided 28 top executives and department managers have a common understanding of the current administration's thrusts and priorities needed to be pursued by the corporation.

Lessons Learned : Resource persons engaged must be thoroughly briefed and on the objectives of the project and session intents in order to ensure that it meets the expectations of the client.

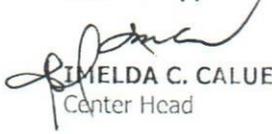

### V. Attachments

- Summary of Evaluation for Course and Resource Person (for training program)
- Certificate of Project Closure (for all completed projects)

Prepared by:

  
PETER SAN B. BAON  
Project Manager

Noted / Approved by:

  
RIMELDA C. CALUEN  
Center Head

Notes:

1. Project details on Section I-III can be generated thru PMIS based on PMs Inputs.
2. Project Managers are required to accomplish Section IV & provide Section V to reflect results of project implementation
3. Project Managers can update/adjust the pre-filled sections(I-III) based on actual data
